cíl: listening activity

velice hezký filmík využitelný pro pěknou konverzační aktivitu. Potřebujeme malé papírky

1. úvod hodiny: Can you say something nice to other people? How often do you say something nice to your friends?
2. První poslech – Did these two people know each other before? What was in the man's box? What did they write to the small papers?
3. Poslech tohoto filmu je náročný, ale studenti se zaměří na tato slovíčka a seřazují je podle poslechu: I didn't lose my job, there's plenty of room, she was amazing, it seems like you just wait for an opportunity, she was amazing.

Správné pořadí: there's plenty of room

it is not my business

I didn't lose my job

this is my mum's staff

she was amazing

it seems like you just wait for opportunity

4. Questions for students: Is the man's mum still alive? What can you say about his mum? What did she do to him and other people? Why did the man and woman write the small notes to people in the street?
5. Can you also write something nice to everyone? – studenti napíší o každém něco hezkého na malý papírek a ten tomu dotyčnému přinesou do lavice (otočený textem dolů), např. Beautiful glasses, Fashionable T-shirt, lovely smile etc.
